TGB SPA™ GUIDE

Step 1 - Clean Care™

Clean Care™ is TGB's luxurious hand wash that will elevate your treatments. It's enriched with Vitamin E to lock in moisture, leaving skin feeling soft and supple.

Apply 1 pump to damp hands (or 2 pumps for feet) and rinse for a gentle yet refreshing experience.

Step 2 - Pillow Powder™

Pillow Powder™ is an indulgent repair soak. The pillow-soft foam and nourishing blends of Almond Oil and Vitamin E soften and soothe skin.

Add 1-2 scoops of Pillow Powder™ to running warm water and allow to foam. Soak hands or feet for 8-12 minutes. After soaking, pat dry with a clean towel.

Step 3 - Mineral Scrub™

Mineral Scrub™ is a renewing body exfoliator. Our all-natural blend of Silica Mineral, Olive Stone and Coconut Musk refreshes, polishes and removes dead skin.

Apply a walnut-sized amount of scrub to the hands (use 2-3 walnut sizes for feet). Massage in circular motions and rinse with warm water.

Step 4 - Therapy Mask™

Therapy Mask™ is a purifying glow treatment supercharged with French Pink Clay and moisture-locking Hyaluronic Acid to smooth and brighten dull skin.

Apply the mask generously to hands, feet or anywhere the skin needs detoxifying. Leave on for 5-10 minutes before rinsing with warm water or removing with a damp towel.

Step 5 - H2O Cream™

H2O Cream™ is the indulgent hand and body cream you've been looking for. Infused with seven nutrient-rich botanical oils, including Avocado, Coconut and Macadamia revealing revitalised and nourished skin with an air-brush finish.

Massage 1-2 pumps into clean and dry hands. For feet or areas that need added moisturisation, use 2-3 pumps.

Step 6 - Better Balm™

Better Balm™ — your universal skin saviour, from tip to toe — is blissfully soft and melts into the skin with its natural and antioxidant formula.

Massage a pea-sized amount into dry skin. You can also use this balm to perform massage treatments on the hands, feet or body.

Step 7 - Cuticle Remover™

A blend of nourishing essential oils including Cedarwood, Patchouli and Sandalwood make it simple to push back cuticles — saving you valuable appointment time.

Apply to the cuticle area to soften cuticles before removal. Keep away from direct sunlight.
